UTAP News

Welcome to this edition of the Unit Training Assistance Program (UTAP) Newsletter, UTAP News. For those of you that are new members within the last month, the UTAP team would like to personally welcome you to our program.

Location News

UTAP Department has a new location. We now reside in Building 219, Room 107 on the Detroit Arsenal.

New Army Uploaded File News

Fifteen new files were uploaded into LOTTIS in December 2012. See page 2 for more details.

Our Customers

As of January 7, 2013, we have 10,994 active members, who have downloaded over 129,409 system files; we truly appreciate your business! If you know someone who is not a member and can benefit from our site, please send them a “Friend Request” through the “Friend Request” icon located in LOTTIS.

G-4 News—Army Oil Analysis Program

The Medium Trailer Mounted Support System (MED TMSS) NSN DLA 8340-01-533-5344 or CECOM NSN 6115-01-547-6738, and Large Trailer Mounted Support System (LG TMSS) NSN DLA 8340-01-537-8710 or CECOM 6115-01-547-8513 are now required to enroll in the Army Oil Analysis Program (AOAP). Oil Analysis Program (AOPE) sample every 500 run hours or every 90 days, whichever comes first as required in ALARACT 330-1201. Units with this equipment are to enroll in the AOAP and provide required samples to their supporting AOAP Laboratory. The AOAP LAB will provide information to the unit when to change oil in the TMSS Generators and when there are problems internal to the engine and recommended actions for internal engine problems. Submitted by Norman Nagle, norman.b.nagle.civ@mail.mil, Current OPS SICPS System Maintenance, PdM CPS&I.

News Articles

If you have a news article that could benefit UTAP members and you would like printed in the UTAP News, please submit your article through our Customer Assistance Team e-mail address by the 15th of each month and it will get printed in the following month’s newsletter.

AKO/DKO Website News

See if you can find UTAP’s Logo on the AKO/DKO Microlink Page website, <https://www.us.army.mil/suite/designer>. This website has hundreds of military logos; click on the logo and discover the unit’s website.

Submitting Training Materials

Do you have training materials that would benefit other warriors who use TACOM equipment? If so, click the “Submit Training Material To LOTTIS” icon located on the LOTTIS home page.

Once you submit your material, the UTAP Team will then load it into LOTTIS.

NOTE: *If you require training material on a system that is not yet in our library-“click” on the Customer Assistance tab in LOTTIS and submit a CAT Help Desk Request. We will contact you once we receive your request for assistance.*

Training Videos

Did you know UTAP makes training videos? If you have a training material that you would like made into a video please contact our Customer Assistance Team.

New Marine Corps Training Material Added in LOTTIS—Dec 2012

Communications Emitter Sensing and Attacking System (CESAS)	Cougar Mine Resistant Ambush Protected (MRAP)
Tactical Water Purification System (MC-TWPS)	Talon MTRS IV

U.S. Army TACOM Support to the Marine Corps

Several resources are available from the U.S. Army to assist Marines with their logistics issues.

TACOM Life Cycle Management Command (LCMC) offers a wide variety of services designed to provide assistance to Marines, Sailors and Soldiers on many supply, logistics and training matters. In an effort to assist the Marines in accessing these services, the Marine Corps Logistics Command (MARCORLOGCOM), Albany, GA has assigned a Liaison Officer (LNO) at TACOM LCMC to serve as the focal point for Marine Corps customer support in the areas of: Command and Tactical Vehicles, Bridging Equipment, Material Handling Equipment, Construction and Engineering Equipment, and Petroleum and Water Distribution Systems.
