

i-CREW Family

Baldr

- New Capability - augments the squad/platoon systems (i.e., THOR III)
- All three devices have differing capabilities (**important to know**)
- PdM Crew will instruct device operations
- Tactical Integration conducted by MCoE MTTs via DCT-MT.
- Training support package in final draft (will be distributed when done)
- Devices will field concurrently to CONUS / OCONUS locations

Minion

- Coalition
- 1000 / 44 training base
- Interim i-CREW solution
- Fielding TBD

Pipper

- ANSF i-CREW solution
- 10,000+ / 70 training base
- Simple operation
- Shipments start April '13
- **NOT** to be used in U.S. formations

- U.S. Only
- 3900 / 300 training base
- Shipments to theater start ~1 May '13
