# Explanation of Field Artillery Bn Consolidation

- FA Consolidation has been designed to provide FA Training while in a non-deployment status.
- FA Consolidation is the movement of all Field Artillery personnel from the current location in the BCT to the FA battalions to increase their training readiness.
- The FA Elements are still depicted in their “DEPLOYMENT CONFIGURATION” in order to maintain a clear operational perspective and avoid confusion with the FA Consolidation.

• All Field Artillery personnel in the BCTs that have been moved are captured in **RED** in the paragraphs that the positions have been moved “from” with information where they have been moved “to” into Field Artillery battalions.
