UTAP NEWS

A JOINT MILITARY NEWSLETTER

UTAP TEAM WOULD LIKE TO WISH EVERYONE A SAFE, EXCITING & PROSPERUS 2014

WELCOME

Welcome to this edition of the Unit Training Assistance Program (UTAP) Newsletter, UTAP NEWS. For those of you that are new members within the last month, the UTAP team would like to personally welcome you to our program.

UTAP CUSTOMERS (STATS)

As of 1 January 2014, we have 14,836 active members, who have downloaded 197,825 training material files; we truly appreciate your business! If you know of someone who is not a LOTTIS member and can benefit from our site, please send them a "Friend Request" through the "Friend Request" icon located in LOTTIS. Thank-you!

CUSTOMER ASSISTANCE TEAM (CAT)

UTAP has a Customer Assistance Team (CAT) that deals personally with your request for assistance. The CAT goes directly to the source with your request and works toward a resolution. Whether you are looking for training material or a solution to a problem that you are having with a TACOM system, CAT's mission is to get you a suitable answer. The CAT can be reached in several ways:

Under the **Customer Assistance Tab/Contact Us Tab** within the Library of TACOM Training Information Site (LOTTIS)

By e-mail at: usarmy.detroit.tacom.mbx.ilsc-utap@mail.mil or

By phone at Comm: 586-282-4276/DSN: 786-4276

UP-COMING/SPECIAL EVENTS

- 1.) MARTIN LUTHER KING DAY (20TH JANUARY 2014)
- 2.) MORE EPISODES OF **ROBOT GARAGE** COMING THIS MONTH.
- 3.) SHUT DOWN OF LOTTIS WEB SITE (MAITENANCE) ON:
1/17 FROM 2130 EST - 0930 EST 1/18 2014.

UTAP and JPO ROBOTICS are pleased to announce the release of ROBOT GARAGE.

This episode of ROBOT GARAGE covers the TALON ROBOT. During this presentation you (the Technician) will learn how to maintain and replace the Suspension System Components

Components for the Suspension will include; Drive Sprocket Replacement, Track Replacement, Track Tensioner Replacement and Adjustment for all above procedures.

COMING SOON !!!

FROM JPO ROBOTICS AND UTAP:

Lane and Maintenance Training Videos on the following platforms:

- ◆ TALON IV
- ◆ 310 SUGV MINI EOD
- ◆ 510 PACKBOT FASTAC
- ◆ AND MORE TO FOLLOW

Also – “ROBOT GARAGE”... Patterned after popular TV shows like “Hot Rod Garage”, “ROBOT GARAGE” will be a series covering specific maintenance and repair/replace procedures on various robotic platforms.

GUNNY'S CORNER

Hello,

My name is GySgt Heine I'm the Marine Corps Liaison here at the Army Detroit Tank Arsenal (TACOM) in Warren, MI. To my fellow Marines, I'm here at TACOM representing the Marine Corps and you as your Logistics Liaison for any issues you may have. Please don't hesitate to contact me concerning any issues that you need resolved. UTAP has recently uploaded a lot of great Training Material, so if you've not been on LOTTIS/UTAP in a while, log on and check it out.

My email address is john.l.heine.mil@mail.mil. Any questions or concerns about Marine Corps related issues please email, or call (586) 282-7297.

GySgt Heine, John L.

Marine Corps Liaison

There seems like there has been a lot of supply discrepancies in the last couple of months. I know this can be frustrating to all units out there. If you have a supply discrepancy dealing with B14 please don't hesitate calling myself or sending me an email. SDR's for B14 need to be submitted in PDREP.

They are then routed to TACOM for disposition, so it could be handled correctly. Here is a website that would help you with this process, https://www.pdrep.csd.disa.mil/pdrep_files/report_tools/sdr.htm where it talks about flowing records to the Web SDR interface. There is also an EZ SDR that is available. ONE TEAM ONE FIGHT!!!!!!
